Business ethics in Africa, as a field of research, practice, and teaching, has grown rapidly over the last two decades or so, covering a wide variety of topical issues, including corporate social responsibility, governance, and social entrepreneurship. Building on this progress, and to further advance the field, this special issue addresses four broad areas that cover important, under-researched or newly emerging phenomena in Africa: culture, ethics and leadership; business, society and ...

Journal of African Business: Vol 21, No 4

The business ethical culture in South Africa was and is still being shaped by a number of social and political influences that include its colonial history, the legacy of Apartheid, and the election of the first democratic government in 1994, after which President Nelson Mandela's government started the process of redressing the racial imbalances and inequalities that resulted from Apartheid.
