<p>A masterful examination of the early years of the American Republic analyzes the eventful last quarter of the eighteenth century, the accomplishments of the American founders, and the triumphs and failures that shaped the early nation and the American character. Reprint. 175.000 1rst printing.</p>

The must-read summary of Joseph J. Ellis's book "American Creation: Triumphs and Tragedies at the Founding of the Republic". This complete summary of "American Creation" by Joseph J. Ellis, a previous Pulitzer Prize winner and a renowned American historian, outlines Ellis's examination of the founding years of American society. It examines six key moments in early American history, including the writing of the Declaration of Independence and the founding of the political parties. Against the tide, he shows that the founding fathers were in fact simply flawed men who shaped American society but failed to deal with problems such as slavery and the treatment of Native Americans. Added-value of this summary: • Save time • Understand the founding years of American society • Expand your knowledge of American society and history To learn more, read "American Creation" and benefit from Ellis's analysis of the main turning points of the United States' early history.

From the first shots fired at Lexington to the signing of the Declaration of Independence to the negotiations for the Louisiana Purchase, Joseph J. Ellis guides us through the decisive issues of the nation's founding, and illuminates the emerging philosophies, shifting alliances, and personal and political foibles of our now iconic leaders—Washington, Jefferson, Madison, Hamilton, and Adams. He casts an incisive eye on the founders' achievements, arguing that the American Revolution was, paradoxically, an evolution—and that part of what made it so extraordinary was the gradual pace at which it occurred. He explains how the idea of a strong federal government was eventually embraced by the American people and details the emergence of the two-party system, which stands as the founders' most enduring legacy. Ellis is equally incisive about their failures, and he makes clear how their inability to abolish slavery and to reach a just settlement with the Native Americans has played an equally important role in shaping our national character. With eloquence and insight, Ellis strips the mythic veneer of the revolutionary generation to reveal men both human and inspired, possessed of both brilliance and blindness. American Creation is an audiobook that delineates an era of flawed greatness, at a time when understanding our origins is more important than ever.

A look at the life and work of the second U.S. president discusses Adams's mind and personality, the events that shaped his thinking, his perspective on America's prospects, and his famous disagreements. By the author of the National Book Award-winning American Sphinx. Reissue.

The introduction, discussion questions, suggestions for further reading, and author biography that follow are intended to enhance your reading group's discussion of Joseph Ellis's *Founding Brothers: The Revolutionary Generation*. We hope they will enrich your experience of this Pulitzer Prize-winning study of the intertwined lives of the founders of the American republic—John Adams, Aaron Burr, Benjamin Franklin, Alexander Hamilton, Thomas Jefferson, James Madison, and George Washington.

Offers a reassessment of the life, image, and career of Thomas Jefferson, examining his complex personality, controversies about the man and his beliefs, and his accomplishments

The Pulitzer Prize and National Book Award-winning author of *First Family* presents a revelatory account of America's declaration of independence and the political and military responses on both sides throughout the summer of 1776 that influenced key decisions and outcomes.

The author of the bestselling *The Founding Brothers* and *The Quartet* now gives a deeply insightful examination of the relevance of Jefferson's, Madison's, and Adams's views to some of the most divisive issues in American politics and society today.

NEW YORK TIMES BESTSELLER • NAMED ONE OF THE BEST BOOKS OF THE YEAR BY THE NEW YORK TIMES BOOK REVIEW AND THE ECONOMIST Winner of the Natan Book Award, the National Jewish Book Award, and the Anisfield-Wolf Book Award An authoritative and deeply personal narrative history of the State of Israel, by one of the most influential journalists writing about the Middle East today Not since Thomas L. Friedman ' s groundbreaking *From Beirut to Jerusalem* has a book captured the essence and the beating heart of the Middle East as keenly and dynamically as *My Promised Land*. Facing unprecedented internal and external pressures, Israel today is at a moment of existential crisis. Ari Shavit draws on interviews, historical documents, private diaries, and letters, as well as his own family ' s story, illuminating the pivotal moments of the Zionist century to tell a riveting narrative that is larger than the sum of its parts: both personal and national, both deeply human and of profound historical dimension. We meet Shavit ' s great-grandfather, a British Zionist who in 1897 visited the Holy Land on a Thomas Cook tour and understood that it was the way of the future for his people; the idealist young farmer who bought land from his Arab neighbor in the 1920s to grow the Jaffa oranges that would create Palestine ' s booming economy; the visionary youth group leader who, in the 1940s, transformed Masada from the neglected ruins of an extremist sect into a powerful symbol for Zionism; the Palestinian who as a young man in 1948 was driven from his home during the expulsion from Lydda; the immigrant orphans of Europe ' s Holocaust, who took on menial work and focused on raising their children to become the leaders of the new state; the pragmatic engineer who was instrumental in developing Israel ' s nuclear program in the 1960s, in the only interview he ever gave; the zealous religious Zionists who started the settler movement in the 1970s; the dot-com entrepreneurs and young men and women behind Tel-Aviv ' s booming club scene; and today ' s architects of Israel ' s foreign policy: who, whose nuclear threat looms ominously over the tiny country. As it examines the complexities and contradictions of the Israeli condition, *My Promised Land* asks difficult but important questions: *Why did Israel come to be? How did it come to be? Can Israel survive?* Culminating with an analysis of the issues and threats that Israel is currently facing, *My Promised Land* uses the defining events of the past to shed new light on the present. The result is a landmark portrait of a small, vibrant country living on the edge, whose identity and presence play a crucial role in today ' s global political landscape. *Praise for My Promised Land* " This book will sweep you up in its narrative force and not let go of you until it is done. [Shavit ' s] accomplishment is so unlikely, so total . . . that it makes you believe anything is possible, even, God help us, peace in the Middle East. " —Simon Schama, *Financial Times* " [A] must-read book. " —Thomas L. Friedman, *The New York Times* " Important and powerful . . . the least tentative book about Israel I have ever read. " —Leon Wieseltier, *The New York Times Book Review* " Spellbinding . . . Shavit ' s prophetic voice carries lessons that all sides need to hear. " —The Economist " One of the most nuanced and challenging books written on Israel in years. " —*The Wall Street Journal*
