communication, your
handwriting style is
increasingly a very personal
creation. In this book,
Margaret Shepherd, America's
premier calligrapher, shows
you that calligraphy is not

simply a craft you can learn, but an elegant art form that you can make your own. Calligraphy remains perennially popular, often adorning wedding invitations, diplomas, and commercial signs. Whether it

is Roman, Gothic, Celtic,
Bookhand, or Italic style,
calligraphy conveys class
and elegance. Margaret
Shepherd makes this ancient
art form accessible in a
completely hand-lettered
technical guide that will: *

Provide context for
calligraphy as an art,
exploring the rich tradition
of hand-lettering and
mapping the evolution of the
most popular styles. * Give
detailed technical advice on
choosing pens, paper, and

inks, setting up your workspace, mastering various pen angles, along with step-by-step illustrations to guide you as you practice. * Explain which alphabets are appropriate for different forms of writing. For

Download Free Celtic Hand Stroke By Stroke Irish Half

example, the Roman alphabet works well for short, unpunctuated passages, while the Italic alphabet is more suited to informal everyday communication. * Encourage you to personalize your lettering by using variant

strokes and interpreting how you would like the words to look on the page. * Inspire you with carefully chosen illustrations and examples, which bring letters to life. In Margaret Shepherd's own words, "Calligraphy trains

not only your eye and hand,
but your mind as well."
