NEW YORK TIMES BESTSELLER • Together in one volume—the first three books in the world’s most beloved science-fiction series! DRAGONFLIGHT On a beautiful world called Pern, an ancient way of life is about to come under attack. Lessa is an outcast survivor—her parents murdered, her birthright stolen—a strong young woman who has never stopped dreaming of revenge. But when an ancient threat reemerges, Lessa will rise—upon the back of a great dragon with whom she shares a telepathic bond more intimate than any human connection. Together, dragon and rider will fly, and Pern will be changed forever. DRAGONQUEST Since Lessa and Ramoth, her golden queen dragon, traveled into the past to bring forward a small army of dragons and riders to save their world from deadly alien spores, fear and desperation have spread across the land. But while the dragonriders struggle with threats both human and otherworldly, a young rider named F’nor and his brown dragon, Canth, hatch a bold plan to destroy the alien scourge at its source—the baleful Red Star that fills the heavens and promises doom to all. THE WHITE DRAGON Never in the history of Pern has there been a dragon like Ruth. Mocked by other dragons for his small size and pure white color, Ruth is smart, brave, and loyal—qualities that he shares with his rider, the young Lord Jaxom. Unfortunately, Jaxom is also looked down upon by his fellow lords, and by other riders as well. His dreams of joining the dragonriders in defending Pern are dismissed. What else can Jaxom and Ruth do but strike out on their own, pursuing in secret all they are denied? But in doing so, the two friends will find themselves facing a desperate choice—one that will push their bond to the breaking point . . . and threaten the future of Pern itself.

The planet Pern has been colonized for centuries by humans. When humans first settled on this world, they did not take notice of its sister planet, which had an indigenous life form that attempted to land on Pern when it came within reach. These silver "threads" fell in a destructive wave on the temperate lands of Pern once every 200 years, destroying all life they encountered. To combat this menace, the inhabitants of Pern developed a species of dragon that could burn these threads out of the sky before they touched down. Now, centuries have passed between threadfalls, and the danger of thread is considered a myth. However, a dragon rider named F'lar knows that the riders are once again needed.

"When McCaffrey's beloved dragons roar and their riders soar on the beasts' mighty backs . . . fans of Pern will likely be enthralled."—Publishers Weekly For generations, the dragonriders had dedicated their lives to fighting Thread, the dreaded spores that periodically rained from the sky to ravage the land. On the backs of their magnificent telepathic dragons they flew to flame the deadly stuff out of the air before it could reach the planet's surface. But the greatest dream of the dragonriders was to find a way to eradicate Thread completely, so that never again would their beloved Pern be threatened with destruction. Now, for the first time, it looks as if that dream can come true. For when the people of Pern, led by Masterharper Robinton and F'lar and Lessa, Weyrleader and Weyrwoman of Benden Weyr, excavate the ancient remains of the planet’s original settlement, they uncover the colonists' voice-activated artificial intelligence system—which still functions. And the computer has incredible news for them: There is a chance—a good chance—that they can, at long last, annihilate Thread once and for all.

NEW YORK TIMES BESTSELLER • Go back in time and visit Pern like it’s never been seen before in this thrilling prequel about the creation of dragons. The beautiful planet Pern seemed a paradise to its new colonists—until unimaginable terror turned it into hell. Suddenly deadly spores were falling like silver threads from the sky, devouring everything—and everyone—on their path. It began to look as if the colony, cut off from Earth and lacking the resources to combat the menace, was doomed. Then some of the colonists noticed that the small, dragonlike lizards that inhabited their new world were joining the fight against Thread, breathing fire on it and teleporting to safety. If only, they thought, the dragonets were big enough for a human to ride and intelligent enough to work as a team with a rider... And so they set their most talented geneticist to work to create the creatures Pern so desperately needed—Dragons!

NEW YORK TIMES BESTSELLER Even though Lorana cured the plague that was killing the dragons of Pern, sacrificing her queen dragon in the process, the devastating disease has left too few dragons alive to fight the fall of deadly Thread. As morale at Telgar Weyr plunges in the wake of the widespread loss, and Weyrwoman Fiona and the harper Kindan struggle to keep hope from vanishing, a pregnant Lorana decides she must take drastic steps. Nothing short of manipulating time itself will undo the damage done by the plague. But attempting time travel could have devastating consequences—altering history, and destiny, forever. Now, somehow, Lorana must find a way to accomplish what seems impossible: bending the natural laws of the universe without wreaking havoc on existence itself. To ensure the future of Pern, she’s willing to take the fateful chance—even if it demands yet another, far greater, sacrifice. BONUS: This edition contains an excerpt from Anne McCaffrey and Todd McCaffrey’s Sky Dragons.

Todd McCaffrey’s first solo novel in the classic Dragonriders of Pern series, Dragonsblood, was hailed by critics and embraced by the countless devoted readers of the landmark science fiction saga created by his mother, Anne McCaffrey. Now the chronicles of Pern take another captivating turn as the embattled planet, the brave pioneers who call it home, and the magnificent flame-breathing creatures who fly high to protect it confront a dire new challenge. The grim specter of sickness looms over the Weyrs of Pern, felling fire-lizards and posing a potentially devastating threat to their dragon cousins, Pern’s sole defense against the deadly phenomenon that is Thread. Fiona, the youngest and only surviving daughter of Lord Bemín, is just coming of age, and about to assume the duties of a Weyrwoman, when word spreads that dragons have indeed begun succumbing to the new contagion. With the next season of Threadfall quickly approaching, and the already diminished ranks of the dragons once more under siege, every Weyr across Pern is in crisis mode. It is hardly the time for disturbing distractions—such as the strange voice Fiona suddenly hears in her mind at the darkest and most urgent moments. Circumstances and the mood of the weyrfolk worsen when advance patrols relay the dreaded news that black dust—the unmistakable herald of falling Thread—has been sighted. As more dragons sicken and die, leaving only a new generation of weyrlings too young to succeed them, Weyrleader B’Nik and queen rider Lorana arrive from Benden Weyr to comb Fort Weyr’s archives in a desperate search for clues from the past that may hold the solution to the plague. But could the actual past itself prove the pathway to salvation for Pern’s stricken dragons and the entire imperiled planet? Guided by a mysterious ally from a wholly unexpected place, and trusting in the unique dragon gift for transcending time, Fiona will join a risky expedition with far-reaching consequences for both Pern’s future and her personal destiny.

NEW YORK TIMES BESTSELLER • "A richly detailed story on a par with the rest of the Pern canon . . . another successful McCaffrey mother-and-son collaboration."—Booklist At Natalon’s mining camp, Pellar embarks on a secret mission to discover whether the condemned criminals known as the Shunned are stealing coal. But the gifted tracker discovers that a far more treacherous plot is unfolding. A heartless thief named Tenim has realized there is profit to be made from firestone, the volatile mineral that enables the dragons of Pern to burn the lethal Thread out of the sky. When the last remaining firestone mine explodes, a desperate race begins to find a new deposit of the deadly but essential mineral. Sure enough, Tenim has a murderous plan to turn tragedy to his own advantage. Now Pellar and his new friends—the kind and gentle Halla, a child of the Shunned, and Cristov, the son of a corrupt miner—must stop Tenim. If they fail, it will mean the end for Pern and its dragonriders. "Grittier than the early parts of the series; Todd’s apparently brought a wider, more current worldview to Pern."—The San Diego Union-Tribune "These fabled dragons still cast a spell."—Publishers Weekly
