"To change the way students see the world: this is my goal in teaching economics and in writing this book. Three facts about students are my guiding principles. First, they want to learn, but they are over-welmed by the volume of claims on their time and energy. So, they must see the relevance to their lives and future careers of what they are being asked to learn. Second, students want to get it, and get it quickly. So, they must be presented with clear and succinct explanations. And third, students want to make sense of today's world and be better prepared for life after school. So, they must be shown how to apply the timeless principles of economics and its models to illuminate and provide a guide to understanding today's events and issues, and the future challenges they are likely to encounter. The organization of this text arises directly from these guiding principles"--

Thoroughly updated, stripped of technical detail where possible, extensively illustrated with well-chosen photographs, enlivened with new applications features that focus on issues at play in today's world, responsive to the suggestions of reviewers and users, and seamlessly integrated with MyEconLab: These are the hallmarks of this eleventh edition of Economics. Parkin brings critical issues to the forefront. Each chapter begins with one of today's key issues, and additional issues appear throughout the chapter to show the real-world applications of the theory being discussed. When the chapter concludes, readers "read between the lines" to think critically about a news article relating to the issue, demonstrating how thinking like an economist can bring a clearer perspective to and deeper understanding of today's events. Readers will begin to think about issues the way real economists do and learn how to explore difficult policy problems and make more informed decisions in their own economic lives. Parkin is so committed to currency that he uploads news articles almost daily to MyEconLab®, the online assessment and tutorial system that accompanies the text. Assessment questions based on the Economics in the News articles are uploaded periodically so that instructors can assign recent articles within MyEconLab. Note: If you are purchasing the standalone text or electronic version, MyEconLab does not come automatically packaged with the text. To purchase MyEconLab, please visit: www.myeconlab.com or you can purchase a package of the physical text + MyEconLab by searching the Pearson web site. Questions that drive interest, applications that illustrate concepts, and the tools to test and solidify comprehension. Students come into their first Economics course thinking they will gain a better understanding of the economy around them. Unfortunately, they often leave with many unanswered questions. To ensure students actively internalize economics, O'Sullivan/Sheffrin/Perez use chapter-opening questions to spark interest on important economic concepts, applications that vividly illustrate those concepts, and chapter-ending tools that test and solidify understanding.
