This course for children beginning their English language studies combines a controlled grammatical syllabus with functional dialogues, alphabet and phonics work. Classroom interaction in English is encouraged through a focus on communicative games and exercise. This new edition features the original syllabus in student books and workbooks. The teacher's books, with mid-term and final tests, have been completely rewritten with almost twice as much material. They now include special tips for teachers and reproducible activities for the classroom. New recordings of the cassettes and CDs feature more of the Student Book language. The wall charts (for levels 1-2 only) have been revised to match the new student's books.
