Human Development 10th Edition - amazon.com

Downloadable Solution Manual for Human Development: A Life-Span View, 6th Edition, Robert V. Kail, John C. Cavanaugh, ISBN-10: 1111834113, ISBN-13: 9781111834111. You are buying Solution Manual. A Solution Manual is step by step solutions of end of chapter questions in the text book.

Balanced coverage of the entire life span is just one thing that distinguishes HUMAN DEVELOPMENT: A LIFE-SPAN VIEW, 6TH EDITION. With its comprehensive, succinct, and applied coverage, the text has proven its ability to capture students' interest while introducing them to the issues, forces, and outcomes that make us who we are. Robert V. Kail's expertise in childhood and adolescence, combined with John C. Cavanaugh's extensive research in gerontology, result in a book with a rich description of all life-span stages and important topics. A modified chronological approach traces development in sequential order from conception through late life, while also dedicating several chapters to key topical issues. This organization also allows the book to be relatively briefer than other texts a benefit given the enormous amount of information covered in the course. The authors provide theoretical and empirical foundations that enable students to become educated, critical interpreters of developmental information. A blend of basic and applied research, as well as coverage of controversial topics and emergent trends, demonstrates connections between the laboratory and life. A complete media and supplement package--including videos, the PowerLecture (lecture presentation tool), and student study tools--supports students and instructors. Important Notice: Media content referenced within the product description or the product text may not be available in the ebook version.

ESSENTIALS OF HUMAN DEVELOPMENT: A LIFE-SPAN VIEW, 2nd Edition fills the need for a shorter text that emphasizes the essential, defining features of modern research and theory in human development. Using a modified chronological approach and emphasizing the biopsychosocial framework, the text provides: a readable account of human development across the life span; conceptual foundations that enable students to become critical interpreters of developmental information; and an introduction to relevant research and its application to key issues. The text also emphasizes the application of human development research across diverse professional settings, making it ideal for students who are pursuing a career related to psychology or areas such as education, health, and human sciences. Succinct and filled with real-life examples, this text will capture your students' interest while introducing them to the essential issues, forces, and outcomes that make us who we are. Important Notice: Media content referenced within the product description or the product text may not be available in the ebook version.

Research Made Relevant Children and Their Development, 6e demonstrates how research translates into practice. Written by a well-known and respected researcher in the field of child development, this topically organized text uses unique and effective pedagogy as its main framework. The book focuses on practice through its accessible writing, modular format, and application-based features, such as: Focus on Research, Cultural Influences, Spotlight on Theories, Improving Children's Lives, and Child and Development and Family Policy. Topic coverage includes the prenatal period through adolescence, which best suits Child Development courses in Psychology, Education, Human Development, Child and Family Studies, and Early Childhood Education. By combining the best of topical and chronological approaches, this text presents life-span development as a motion picture rather than as a series of individual snapshots.

Children: A Chronological Approach with MyDevelopmentLab, 3rd Canadian edition is an effective textbook for college students studying child development from a chronological approach. Targeted towards students new to the discipline, the organization and structure help students easily understand the evolution of child development without overwhelming them. Consistent in its presentation, it provides students with a book written in an accessible style that they more apt to read. The text is coupled with excellent and useful supplements further enhancing the learning experience. The terminology of the text is very appropriate for a college student. The third edition contains more Canadian content that is dispersed throughout the text. Also, a new chapter-opening mini vignette traces the development of a child, Sophie, as she grows up to highlight the major developmental stages and themes.
