" Taiyou is a high-school musician with dreams of stardom, but when his bandmates quit in order to focus on school, it feels like Taiyou's dreams are slipping away. In an act of desperation, Taiyou strong-arms his sullen classmate Hikari into forming a band with him. The two boys are total opposites, but together they might just be able to create something amazing. "

The General Theory of Employment, Interest, and Money, written by legendary author John Maynard Keynes is widely considered to be one of the top 100 greatest books of all time. This masterpiece was published right after the Great Depression. It sought to bring about a revolution, commonly referred to as the ' Keynesian Revolution ', in the way economists thought—especially challenging the proposition that a market economy tends naturally to restore itself to full employment on its own. Regarded widely as the cornerstone of Keynesian thought, this book challenged the established classical economics and introduced new concepts. ' The General Theory of Employment, Interest, and Money ' transformed economics and changed the face of modern macroeconomics. Keynes' argument is based on the idea that the level of employment is not determined by the price of labour, but by the spending of money. It gave way to an entirely new approach where employment, inflation and the market economy are concerned.

Jihoon is confident that he can easily make guys, even straight ones, fall for him. It worked quite well up until he met Gyungwoo. Jihoon works as a nude model and is introduced to Gyungwoo for his personal photograph project. Gyungwoo appears nonchalant to Jihoon's looks, deeply hurting his pride. Now, Jihoon is determined to make Gyungwoo fall for him. © 2015 Songha, DAEWON C.I. Inc. Originally published by DAEWON C.I. Inc., Seoul, Korea. English translation rights arranged by DAEWON C.I.
