II

Many theories of international relations are internally and externally contested, and few scholars believe only in one or another. In spite of this diversity, several major schools of thought are discernable, differentiated principally by the variables they emphasize—eg military power, material interests, or ideological beliefs.

Theories of International Relations

International relations theory is the study of
international relations from a theoretical perspective. It
attempts to provide a conceptual framework upon which
international relations can be analyzed. Ole Holsti

describes international relations theories as acting like pairs of coloured sunglasses that allow the wearer to see only salient events relevant to the theory; e.g., an adherent of realism may completely disregard an event that a constructivist might pounce upon as crucial, and vice versa

International relations theory - Wikipedia

Three Major Theories of International Relations 1.
Realism. The theory of realism in international relations generally assumes that the international system is inherently disorderly and relations are anarchic because primary actors are perpetually locked against a struggle for power and security.
