Linked-Imogen Howson 2014-07-08 When Elissa's nightmarish visions and inexplicable bruises lead to the discovery of a battered twin sister on the run from government agents, Elissa enlists the help of an arrogant new graduate from the space

When Elissa learns her telepathic twin is the subject of government experiments, the girls find themselves on the run with secrets worth killing for in this futuristic, romantic thriller. "Sparked with danger and tinged with romance, Linked is a roller-coaster ride into space that just about everyone should enjoy" (Booklist, starred review). Elissa used to have it all: looks, popularity, and a bright future. Now, all she has is nightmarish visions and unexplained bruises. Finally, she's promised a cure, and a surgery is scheduled. But on the eve of the procedure, she discovers the truth behind her visions: She's seeing the world through another girl's eyes. A world filled with pain and wires and weird machines. Elissa follows her visions, only to find a battered, broken girl on the run. A girl—Lin—who looks exactly like Elissa, down to the matching bruises. A twin she never knew existed. Elissa helps Lin evade the government agents who are ruthlessly tracking her down, but they're struggling to avoid capture, and soon Elissa is forced to turn to the only person who can help: Cadan, her brother's infuriating, arrogant best friend, and new graduate of the SFI space flight academy. Cadan is their one chance at safety. But Lin is too valuable to let go, and Elissa has knowledge that is too dangerous. The government will stop at nothing to get them back. "Action-packed and thoroughly engrossing, this novel offers readers a classic sci-fi, space-travel adventure at its best" (BCCB).

Untold dangers await telepathic twins in this sequel to the futuristic, romantic thriller BCCB called "classic sci-fi, space-travel adventure at its best." After Elissa and Lin exposed the government's secret experiments in Linked, which Booklist called "a roller-coaster ride into space that just about everyone should enjoy," their home planet Sekoia is thrown into chaos. Determined to do their part to help the planet they've hurt, they return to Sekoia—only to discover that things are far worse than they imagined. Resources are suddenly scarce, people are scared, and there's a rising current of anger against the Spares. When Lissa and Lin find themselves among another group of Spares and twins, they feel like they've found their kindred spirits at last. But a threat none of them could have expected is lying in wait for Sekoia's Spares...

On Fern's 18th birthday, she discovers she's a fire-starter. To learn to control it, Fern travels to a place where other young people have gathered to learn how to manage their gifts. And that's where she meets Nik, the enigmatic magician who seems to understand her and her gift better than she does herself. But can Nik be trusted? Or is he hiding dangerous secrets of his own? From the award-winning author of "Linked" and "Unravel" comes this enchanting collection of stories and novellas, spanning centuries and cultures, from the underworld of the ancient Greece to the dystopian future.

The griffin, the sunbird, manticores, unicorns - all manner of glorious creatures never captured in zoos, museums or photographs are packed vividly into this collection of stories. Neil Gaiman has included some of his own childhood favourites alongside stories classic and modern to spark the imagination of readers young and old. All contributors have given their work free to benefit Dave Eggers' literacy charity, 826DC. Also includes a new Neil Gaiman Story.

In this fast-paced adventure story, Timothy and Jessamyn are towed through the streets of Manhattan riding in Timothy's family's sailboat, on their way to the Long Island shore, when the boat comes

unhitched from its truck. The teens “sail” backward down a hill in Upper Manhattan, then fall down a huge construction site hole and into the vast sewer system below. Thrust into an amazing adventure, the kids navigate waterfalls and rapids as they travel through the rain sewers. They meet a graffiti artist their own age, a homeless person named You, and rats the size of large dogs. They fall into the hands of a gangster who claims the sewers as her kingdom and the homeless as her subjects, and acts as a fence for luxury goods! Will she feed Timothy and Jessamyn to the rats? Praise for Undertown "Two suburban teens ride a sailboat into Manhattan’s storm drains and meet quirky residents aplenty." —Kirkus Reviews "It’s a coming-of-age escapade with a sense of wonder, and Bukiet pays homage to the history and mysteries of NYC with a writing style that’s part sentimental, part poetic, and part tongue-in-cheek." —Publishers Weekly "This classic hero’s journey is set against the detailed backdrop of New York City, both above ground and below." —Booklist

When Elissa's nightmarish visions and inexplicable bruises lead to the discovery of a battered twin sister on the run from government agents, Elissa enlists the help of an arrogant new graduate from the space academy.

Catherine is dead. At least that's what the FBI claims. They say there's no point investigating the strange disappearance any further. Instead they want Gaia to stay in Quantico to carry on the search for the Lollipop Murderer. Gaia is convinced her partner is still alive -- and that she needs help. Even if it means putting the murder case on hold, Gaia must go after her. But going AWOL means losing the support of the FBI. Gaia will be completely on her own and heading into danger. Because Catherine's abduction is far more complicated -- and more sinister -- than she realized. In fact, it's a whole new mystery.

A descendant of the inspiration for "Alice's Adventures in Wonderland," Alyssa Gardner fears she is mentally ill until she finds that Wonderland is real and, if she passes a series of tests to fix Alice's mistakes, she may save her family from their curse.

In nineteenth-century England, twelve-year-old Kat Stephenson knows she was born to be a magical Guardian and protector of Society—if she can find true acceptance in the secret order that expelled her mother. She’s ready to upend the rigid Order of the Guardians, whether the older members like it or not. And in a Society where magic is the greatest scandal of all, Kat is determined to use her powers to help her two older sisters find their own true loves, even if she has to turn highwayman, battle wild magic, and confront real ghosts along the way! History seamlessly merges with fantasy in this humorous and lively novel.

Her parents are so overwhelmed with their two other children that they don't see Zoe lost in her broken life. Matthias, a guardian sent from Heaven, watches over Zoe's autistic sister, and after Zoe is convinced he's legit, angel and lost girl come together in a love that changes destiny.
