At the foundation of effective management for any organization is the fundamental truth that all organizations, like all living organisms, have a lifecycle and undergo very predictable and repetitive patterns of behavior as they grow and develop. At each new stage of development an organization is faced with a unique set of challenges.

Managing Corporate Lifecycles:
Adizes, Ichak ...

As defined by Dr. Ichak Adizes, the lifecycle of a corporation can be broken down into 10 unique stages. One of these stages - called Prime - is the ideal stage, and the one that every company should be striving to land on for as long as possible. Below we have listed each of the 10 stages of Adizes' Corporate Lifecycle, along with a quick definition of what is seen at that stage.
