The Princeton Review is an amazing company. In particular, their Critical Analysis and Reasoning Section training for the MCAT was full of effective techniques. I was shocked to see that I had scored in the 98th percentile on the actual exam. I sincerely recommend TPR to anyone who plans on taking the MCAT.

Princeton Review boasts a 510+ Guarantee (available for an additional fee, usually around \$600), meaning that students "could qualify for a refund" if their official MCAT score is below 509. This sounds like an amazing policy, but is it too good to be true? Let's think about the student that this guarantee would benefit the most.

*Princeton Review MCAT Prep Review: An Honest Overview ...*

Princeton Review MCAT practice tests don't correlate well to real tests. In a study from studentdoc.com, Princeton Review MCAT actually had the worst correlation between their practice MCAT scores and the real MCAT between Kaplan, Princeton Review and the AAMC tests. However, people tended to score higher on the real MCAT than the practice exams.
