Orphan trains were the brainchild of Charles Loring Brace, a minister who was troubled by the large number of homeless and impoverished children in New York. A massive influx of new immigrants had...

Discusses the placement of over 200,000 orphaned or abandoned children in homes throughout the Midwest from 1854 to 1929 by recounting the story of one boy and his brothers.

Describes the journey many orphan children took looking for families and homes to call their own.

In mid-nineteenth-century New York, vagrant youth, both orphans and runaways, filled the streets. For years the city had been sweeping these children into prisons or almshouses, but in 1853 the young minister Charles Loring Brace proposed a radical solution to the problem by creating the Children's Aid Society, an organization that fought to provide homeless children with shelter, education, and, for many, a new family in the country. Combining a biography of Brace with firsthand accounts of orphans, Stephen O'Connor here tells of the orphan trains that, between 1854 and 1929, spirited away some 250,000 destitute children to rural homes in every one of the forty-eight contiguous states. A powerful blend of history, biography, and adventure, Orphans Trains remains the definitive work on this little-known episode in American history.

Andrea Warren views her two award-winning nonfiction books about the orphan trains through the lens of the Common Core Standards, offering her insight into how the books fulfill standards related to critical thinking, reading, speaking, and writing. She includes background history not in the books, and shares how she conducted research, interviewed the featured orphan train riders, found photos to illustrate her text, and then wrote the books. The guide includes many suggested exercises and reflective questions.

"From 1850 to 1930 America witnessed a unique emigration and resettlement of at least 200,000 children and several thousand adults, primarily from the East Coast to the West. This 'placing out,' an attempt to find homes for the urban poor, was best known by the 'orphan trains' that carried the children. Holt carefully analyzes the system, initially instituted by the New York Children's Aid Society in 1853, tracking its imitators as well as the reasons for its creation and demise. She captures the children's perspective with the judicious use of oral histories, institutional records, and newspaper accounts. This well-written volume sheds new

The #1 New York Times Bestseller Now featuring a sneak peek at Christina's forthcoming novel *The Exiles*, coming August 2020. "A lovely novel about the search for family that also happens to illuminate a fascinating and forgotten chapter of America's history. Beautiful."—Ann Packer Between 1854 and 1929, so-called orphan trains ran regularly from the cities of the East Coast to the farmlands of the Midwest, carrying thousands of abandoned children whose fates would be determined by pure luck. Would they be adopted by a kind and loving family, or would they face a childhood and adolescence of hard labor and servitude? As a young Irish immigrant, Vivian Daly was one such child, sent by rail from New York City to an uncertain future a world away. Returning east later in life, Vivian leads a quiet, peaceful existence on the coast of Maine, the memories of her upbringing rendered a hazy blur. But in her attic, hidden in trunks, are vestiges of a turbulent past. Seventeen-year-old Molly Ayer knows that a community service position helping an elderly woman clean out her home is the only thing keeping her out of juvenile hall. But as Molly helps Vivian sort through her keepsakes and possessions, she discovers that she and Vivian aren't as different as they appear. A Penobscot Indian who has spent her youth in and out of foster homes, Molly is also an outsider being raised by strangers, and she, too, has unanswered questions about the past. Moving between contemporary Maine and Depression-era Minnesota, *Orphan Train* is a powerful novel of upheaval and resilience, of second chances, and unexpected friendship.

This young readers' edition of Christina Baker Kline's #1 New York Times bestselling novel *Orphan Train* follows a twelve-year-old foster girl who forms an unlikely bond with a ninety-one-year-old woman. Adapted and condensed for a young audience, *Orphan Train Girl* includes an author's note and archival photos from the orphan train era. This book is especially perfect for mother/daughter reading groups. Molly Ayer has been in foster care since she was eight years old. Most of the time, Molly knows it's her attitude that's the problem, but after being shipped from one family to another, she's had her fair share of adults treating her like an inconvenience. So when Molly's forced to help an a wealthy elderly woman clean out her attic for community service, Molly is wary. But from the moment they meet, Molly realizes that Vivian isn't like any of the adults she's encountered before. Vivian asks Molly questions about her life and actually listens to the answers. Soon Molly sees they have more in common than she thought. Vivian was once an orphan, too—an Irish immigrant to New York City who was put on a so-called "orphan train" to the Midwest with hundreds of other children—and she can understand, better than anyone else, the emotional binds that have been making Molly's life so hard. Together, they not only clear boxes of past mementos from Vivian's attic, but forge a path of friendship, forgiveness, and new beginnings.

A young girl hopes to find her mother as she rides an Orphan Train to find a new life out west in "this finely crafted, heart-wrenching story" (Publishers Weekly, starred review). Marianne, heading west with fourteen other children on an Orphan Train, is sure her mother will show up at one of the stations along the way. When her mother left Marianne at the orphanage, hadn't she promised she'd come for her after making a new life in the West? Stop after stop goes by, and there's no sign of her mother in the crowds that come to look over the children. No one shows any interest in adopting shy, plain Marianne, either. But that's all right: She has to be free for her mother to claim her. Then the train pulls into its final stop, a town called Somewhere . . .
