A workbook for understanding how assessment is used to evaluate higher education goals, objectives, and learning outcomes.

In this groundbreaking analysis of personality type, bestselling author of *Better Than Before* and *The Happiness Project* Gretchen Rubin reveals the one simple question that will transform what you do at home, at work, and in life. During her multibook investigation into understanding human nature, Gretchen Rubin

realized that by asking the seemingly dry question "How do I respond to expectations?" we gain explosive self-knowledge. She discovered that based on their answer, people fit into Four Tendencies: Upholders, Questioners, Obligers, and Rebels. Our Tendency shapes every aspect of our behavior, so using this framework allows us to make better decisions, meet deadlines, suffer less stress, and engage more effectively. More than 600,000 people have taken her online quiz, and managers, doctors, teachers, spouses, and parents already use the framework to help people make significant, lasting change. The Four Tendencies hold practical answers if you've ever thought:

- People can rely on me, but I can't rely on myself.
- How can I help someone to follow good advice? •

People say I ask too many questions.

- How do I work with someone who refuses to do what I ask—or who keeps telling me what to do? With sharp insight, compelling research, and hilarious examples, *The Four Tendencies* will help you get happier, healthier, more productive, and more creative. It's far easier to succeed when you know what works for you.

The result of extensive scholarship and consultation with leading scholars, this text introduces students to twenty-four theorists and compares and contrasts their theories on how we develop as individuals. Emphasizing the theories that build upon the developmental tradition established by Rousseau, this text also covers theories in the environmental/learning tradition.

Corporate strategy lays down the theories and models for revitalizing companies in the face of global recession. It discusses cutting-edge concepts, constructs, paradigms, theories, models, and cases of corporate strategic leadership for bringing about transformation and innovation in companies. It demonstrates that great companies are those that make the leap from 'good' results to 'great' results and sustain these for at least 15 years; it explores, reviews and analyzes great transformation strategies in this context. Each chapter in the book is appended with transformation exercises that further explicate the concepts.
